

Durable.
Responsible.
Innovated to last.

High quality yarns, 100% recycled.

CORDURA® re/cor™ RN66 Fabric

CORDURA® re/cor™ RN66 fabrics are durable and are made from reclaimed pre-consumer waste materials that have been recycled into high quality yarns. With responsible options made from 100% recycled materials, our newest offering comes in a range of deniers that provide the strength and durability CORDURA® fabric is known for.

Characteristics

- Rugged – excellent resistance to abrasion and scuffs
